Major Reasons For Supporting the CTE (Vocational Education) Millage Proposal on 8/2/22

Provides training by instructors who have industry experience for high skill, high wage, and high demand jobs

Gives Shiawassee County the skilled workforce necessary to support existing businesses and attract new businesses and industry

Student Testimonials

"The skills I learned in CTE earned me a scholarship to both the Culinary Institute of America in New York and the Mott Community College Culinary Institute through the NAACP competition."

- Kylie L., Culinary

"My CNA made it possible for me to afford my post-secondary education."

- Ali S., Health Science

"I am excited to have 50% of my seat time done for my apprenticeship. This means continuing my education will cost less. This will allow me to focus on gaining my on the job training toward my journeyman's."

- Troy B., Electrical
